

Bunawona Dental Association, Uganda

We need your help, because they need our help.

WHERE?

The Bunawona Voluntary Dental Programme is a not-for-profit scheme based in Uganda's capital, Kampala. In August 2006 Dentaid supplied the Bunawona Medicare Clinic with a complete dental surgery and instrument kit enabling the dental volunteers to provide a fully comprehensive, affordable service to the poor and underprivileged community. Bunawona's volunteers are now seeking to improve and expand their outreach programmes in order to provide oral health care to those who cannot afford to visit the clinic.

WHO?

Bunawona Voluntary Dental Association hopes to treat 800 people each week through oral health outreach programmes, targeting prevention within schools and unprivileged communities.

WHY?

In Uganda the cost of dental treatment is high, yet most people live below the poverty line, and thus cannot afford adequate oral health care. This has accelerated dental health threats such as dental decay, pain, halitosis, gum and periodontal diseases. Dangerous cultural practices such as Infant Oral Mutilation affect much of Uganda and are typically performed without anaesthetic or sterilisation.

THE VISION

The provision of five Dentaid portable dental chairs and full instrument kits will allow Bunawona Voluntary Dental Association to improve ART treatments, provide dental fillings within the community and expand their oral health education programmes allowing them to reach the most vulnerable and isolated people of Kampala.

Please sponsor the Bunawona Dental Association and help the people of Kampala.
